SONORIS DDP PLAYER OEM BRANDING INSTRUCTIONS

Thank you for purchasing the Sonoris DDP Player OEM. Before we can send you the software we need to know the branding information you want us to include.

Please send us the following information:

- an image that will be used in the opening dialog and About box. This can be a logo, a picture of your studio or any other branding image. The image format must be jpg, bmp, tif or gif and the width to heigth ratio must be 3 to 2. The minimum size is 300 pixels by 200 pixels (w x h).
- a number of images that will be used to construct icon files for the main window and program shortcuts. The image format must be jpg, bmp, tif or gif and the width to heigth ratio must be 1 to 1. The sizes in pixels (w x h): 16 x 16, 32 x 32, 48 x 48, 128 x 128 and 256 x 256.
- the company or studio name that will be displayed in the opening dialog, at the bottom of the main screen and in the About box
- a website url for the link that will be displayed in the opening dialog and at the bottom of the main screen
- an anchor text for the above link
- an email address that will be displayed in the About box
- a telephone number that will be displayed in the About box

You can send this information to info@sonoris.nl in an email that also includes the order number of your purchase for our reference. You will receive the OEM version within 2 business days and you are allowed to send this version freely to your customers.

Screen shots are available at www.sonoris.nl/catalog/ddp-player-oem-p-50.html.

If you have any questions or comments then don't hesitate to contact us at info@sonoris.nl.

Best regards,

Pieter Senekes
